Distributor License

Salgenx is now offering distributor licenses.

- Purchase one S3000 Salgenx Saltwater Battery to demo for clients or to sell.
- Includes one country exclusive per license. More countries may be added, with additional battery purchases.
- Minimum sales per year starts at five units (S3000's or above). Larger countries may have higher sales quotas to renew license.
- All sales leads from your country are automatically forwarded to you from our website.
- You may advertise for your country.
- Distributor License is automatically renewed with minimum sales each year.
- If minimum is not met, Salgenx may offer distributorship to other groups.
- Unless we have a factory in or near your country, batteries will be built and shipped from USA.
- For sales beyond the first unit, you may wish to use containers sourced locally, and then purchase an assembly kit (ships in one container versus shipping three containers for the S3000).
